

SPECIAL NOTICE

Dear parents and caregivers

We need your help!
We can't do our best for your children without it!

Your Board of Trustees has been working very hard to achieve a balanced budget for 2017.

We are currently \$27000 dollars short.

We need your help to meet our budgeted needs or we will have to cut out important purchases of new junior readers, new sports equipment, musical equipment and visual art resources.

Please help us to give your children the best learning environment possible.

The government's price freeze of all school operational grants means that we need your kind donations by paying the annual donation (tax deductible!) and your child's pool fee.

Reminder:

Our recommended donation is \$80 per child per year or \$20 per term and \$20 pool fee per year

Total = \$100 per student per year.

This amount, per child, would mean that we will be able to put much needed learning resources back into the budget.

THANK YOU for your support!

**Rob Taylor,
Principal
On behalf of your Board of Trustees**
