

Student's Name: _____ Room _____

Colwill School Massey
HOMEWORK CONTRACT 2017

I agree to:

Teacher: Signature _____

Set relevant, useful homework that will reinforce what the student needs to support their classroom based learning.

Parent: Signature _____

I will check and sign my child's homework when they have completed it. I will talk to my child about what they are learning in class and ask their teacher how I can help at home.

Student: Signature _____

I will do my homework each night it is given so that I can practice what my teacher asks me to. When I do this I know I will do better at school. **I will earn 10 house points for every night I do my homework properly and show that my parents have checked and signed it.**

What the Homework will look like:

Years 1-3: Your child will bring a reader home. You are asked to listen to them **read**, sign their **reading log** to say that you have done this. Whenever possible you will read to you child. **Basic sight words** may be given to learn for **reading and spelling**.

Years 4-6 –Your child may be asked to keep a **reading log** to prove that they are reading for themselves at home. They may be asked to learn basic **spelling words** and **basic maths facts**. They may be asked to **work with family on solving a fun maths challenge**.

Years 7- 8 – Your child may need to **do the same homework as our year 4-6 students**. They **may also** be asked to **work on home-based projects like speeches and research projects** to support in-class learning programmes.

You may decide with your child's teacher that they may not need to spend lots of time on school based homework and would be better to use their time after school by becoming involved extra curricular sporting or cultural activities. (Study centre students are exempt HW)
