Best Care for Everyone

Welcome to the new school year.

Your Public Health Nurse (PHN) visits the school regularly throughout the term. She is involved in Health promotion and can help with any health concerns that impact on your child.

Please feel free to call/text her or talk to one of our staff members for more information.

If your child is in **Year 7 or 8** they'll be offered important **free** immunisations at school. These will help protect them against serious diseases, and will also help protect your whānau and our wider community.

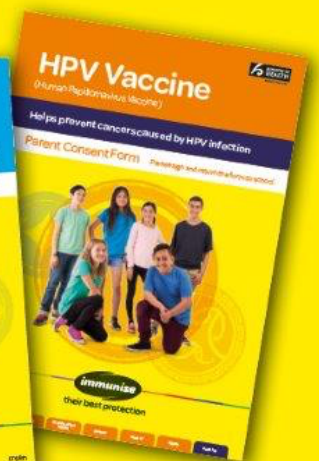

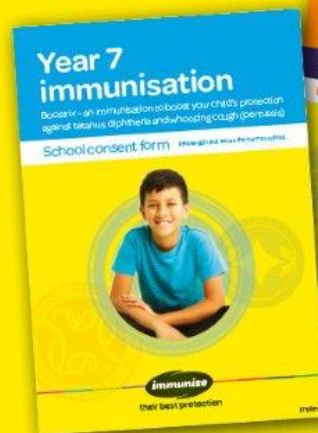

Ask your child for the consent form they've been given for you to read, sign and return to school.
